BIOGRAPHY

Prof. Dr. Arben Baboçi

Professor in the Department of
Medical-Technical Sciences

Prof. Dr. Arben Baboçi graduated in 1980 from the Faculty of Medicine at the University of Tirana. He specialized in General Surgery and Cardiovascular Surgery (1981-1987).

He completed long-term specializations in France (1984-1985) and Italy (1995). He has been a lecturer at the Faculty of Medicine from 1983 to 2024 and has held various leadership positions, including:

Head of the Department of Cardiac and Vascular Diseases

Member of the Academic Senate of the University of Medicine, Tirana

Member of the Dean's Office of the Faculty of Medicine

Chair of the Permanent Commission for the Promotion of Academic Personnel

Head of the Cardiac Surgery Service

He has been a lecturer and co-author of the Cardiac Surgery course program at the Faculty of Medicine, UMT, for both undergraduate and postgraduate students. He has also served as an external lecturer at the Our Lady of Good Counsel University. In 1999, he was a member of the Faculty of Medicine's Curriculum Development Commission. He also served as Director of the Long-Term Specialization School in Cardiac Surgery at the Faculty of Medicine, UMT, and as Head of Pediatric Cardiac Surgery at "Mother Teresa" University Hospital Center in Tirana. He is the founder of modern Pediatric Cardiac Surgery in Albania and a member of the Hospital Medical Commission. Additionally, he serves as Chair of the National Hospital Planning Committee (MSHMS) and is a member of the Advisory Council to the Minister of Health.

He is a member of numerous national and international professional associations. He has conceived and coordinated five large-scale international projects aimed at the development of cardiac surgery in general and pediatric cardiac surgery in particular in Albania.

Prof. Dr. Arben Baboçi is also a member of the Albanian Academy of Arts and Sciences and serves on its Presidency Board. His scientific contributions are extensive, as both author and co-author of articles published in prestigious medical journals in the USA, Europe, Australia, and Asia. He has also delivered numerous presentations at national and international congresses and conferences.

Additionally, he is a co-author of several cardiac surgery textbooks and a member of the Editorial Board of the Medical Sciences Bulletin at the Faculty of Medicine. He has served as a member of organizing committees and moderator at numerous conferences in Albania and abroad, as well as a jury member and rapporteur for PhD defenses at the University of Grenoble, France.
